

## GOLBORNE HOCKEY CLUB YOUTH DEVELOPMENT

The hockey club is committed to developing young hockey players and providing a safe, fun environment in which to do so.

The hockey club also works closely with local Hockey Associations and England Hockey in the provision of coaching outside of club activity.

Promoting EH Single System is key to further develop young players who are competent with core skills and show signs of future improved development.

As such, Golborne Hockey Club nominates a few young players every year to enter the system and provide the opportunities with both East Cheshire JDC and also Greater Manchester JDC. These individuals will be spoken to by the coach with their parents to discuss options and availability.

Further information on the Single System can also be found:

<http://www.englandhockey.co.uk/page.asp?section=1416&sectionTitle=Single+System+-+Long+Term+Athlete+Development+%28LTAD%29>

(or by accessing the single system details from the PLAY tab on England hockey's home page)

If you wish to be nominated without being asked then please feel free to discuss this with the coaches.
